## Major Storm Hits Sierra With Snow Throughout Area

For those who thought winter was ended, the first week of May proved a real surprising shock as storms matching the worst of the season, dropped a total of 31 inches of snow in Truckee and added 1.96 inches of precipitation up until yesterday morning.

The month started off with a severe storm last Friday and it has continued almost constantly each day, with Tuesday night bringing a total of seven inches.

Snow plows were kept busy and yesterday morning the chain control over the highway extended from Baxter to Reno. In the latter city, six inches of snow fell Tuesday night virtually paralyzing traffic with the record fall.

Cold weather has accompanied the storm and at times blizzard conditions existed throughout the area.

The storm brought the season's precipitation up to 23.15 inches, still six inches under the normal for this time of the year. This six inches, according to the U. S. Forest Service, which keeps records, was lost during February when only .15 of an inch was recorded during the entire month. December, too, was unusually light.

There were 36 inches of new snow at the lodge in Alpine Village yesterday morning, that amount falling during a 24-hour period to bring the total on the ground to 52 inches. Squaw Valley reported 24 inches of new snow on the valley floor. Donner Summit failed to live up to its record for being the stormiest location in the region and yesterday morning only 28 inches of snow were recorded at Norden.

While the storm did small damage, the opening of the fishing season was handicapped, traffic was delayed and thousands of birds, many of them nesting, were frozen or died, although in the residential and business area they were being well fed by residents.

## LAKE RISES

TAHOE CITY — The level of Lake Tahoe which stood at 6,225.93 on May 1, went up to 6,226.12 during the storm which left approximately two inches of precipitation from the 33 inches of snow which fell during the week.

## LUNARDI FAVORING NEW SALES TAX TO AID STATE SCHOOLS

Senator Paul J. Lunardi announced that he is one of the principal authors of legislation that would increase the state sales tax by one cent, and all revenues realized under this measure, Assembly Bill 103, would be allocated for education in addition to the annual appropriations. The amount raised by this legislation would be approximately \$300,000,000.

Senator Lunardi commented, "from the amount of correspondence pouring into my office, it is quite evident that everyone is aware of the need to find new sources of revenue to support the increasing cost of education. Since only 35 per cent of California residents are property owners, it is important to note that this tax is not compounding their encumbrance, but is distributing the burden of financing education among all residents."

## MOTORIST REMINDED OF SCHOOL BUS LAW

Lieutenant O. P. Ledford, commander of the California Highway Patrol's Truckee substation, reminded motorists that a complete stop is required whenever they approach the dual flashing red lights of a school bus.

"This applies to vehicles going in either direction. They must stop before passing the bus and not proceed until the flashing red lights are turned off."

The local commander issued his warning because motorists in several areas of the state have expressed confusion over the school bus stop signal, in some cases indicating they thought it was a "tow truck or road repair vehicle."

He pointed out that tow trucks, utility and road repair vehicles

of withholding names of juvenile offenders and now publicizing them.

"We believe that if parents know that the names of their sons or daughters are to be publicized when they commit a crime, this will be deterrent factor in our mutual concern in combatting juvenile delinquency."

Hick's request came just a few days after Attorney General Stanley Mosk reported arrests for juvenile delinquency in 1963 jumped 12.2 per cent above those in 1962.

## Ticket Fixing Hit By Judges In State

SACRAMENTO—(CNS)—Attempts to "fix" traffic tickets could land the offender in jail in the future, under a proposal now being considered by the judicial council of California.

The council's traffic court committee has proposed to make such attempts to fix traffic tickets subject to prosecution for contempt of court. The specific law that can be applied to fix the would-be fixer is a section of the code of civil procedure which provides any unlawful interference with court proceedings is contempt.

An attempt to approach a judge out of court and propose fixing a traffic ticket would be unlawful interference with court processes and therefore, contempt, under the proposal.

The council is charged by the state constitution with making rules for facilitating the smooth operation of the state's courts.

may display flashing amber lights under certain conditions — but never flashing red lights.

The only exception to the stopping rule, he pointed out, is on a divided highway. Vehicles on the roadway opposite to the bus need not stop on display of the dual flashing red lights.

He also emphasized that the only time motorists need stop for a halted bus is when the dual red lights are flashing. "Some motorists stop whenever they see a bus—even if the red lights aren't flashing. This can block traffic unnecessarily."

## What Should Be The Qualities Of A Good Judge?

I feel that to be a good judge, a person must necessarily be an attorney at law or have passed the State Judicial Council examination.

He must be fair minded, unbiased in his decisions and must command the respect of all the people. The Justice Court deserves dignity as well as modern, up to date administration.

I can provide these qualities and have been fully qualified by the State Judicial Council to seek the position. Your support on June 2nd is earnestly solicited for a Judicial District Court of which you can be proud. I, too, will be proud to serve you.

If elected, I will go into the office without obligation to anyone except the voters and I promise you the office of judge will be administered in an impartial, dignified and businesslike manner.

## UNJUSTIFIED CRITICISM IS A FOUL WEAPON

I have found during my 20 years as your supervisor that public officials are subject to criticism, sometimes justified, but often not. If criticism is coming, few of us attempt to avoid it, but rather will strive to overcome it through added effort. This I have always tried to do and believe that it has justified your continued confidence.

During this present campaign, I have heard rumors of criticism—none voiced directly—on subjects over which I have no control but for which I am personally censured. This is a vicious method of attack and unworthy of those responsible.

In matters unrelated to the office of your supervisor, I decline to accept responsibility but, as in the past, I shall endeavor at all times to correct situations which are called to my attention—either officially or unofficially. In other words, I want to assist in any matter possible which affects the upward progress of our community.

## DONNER DOINGS

By VI WHITE  
Phone 587-3866

It was the poor fishermen, not the poor fish that took a beating last weekend. Sub freezing cold, wind and snow didn't seem to hamper the enthusiasm of the trout anglers though. There must have been over a thousand shore and boat fishermen at Prosser reservoir Saturday, the opening day. A lot of fish were caught, but most of them ran 12 and 13 inches in size, smaller than expected.

Dave Sachau and his party from Santa Cruz all limited out before noon.

Mr. and Mrs. Arlie Fisk and their three children, Crystal, Cindy and Bruce moved into the Stollard house on Donner Lake Monday after driving through a snow storm all the way from Bishop. Mr. Fisk is one of the new officers of the California Highway Patrol and comes to our area from Riverside. The family plans to be active in community affairs. Welcome.

Joan Affeldt was in for a shocking surprise on her birthday May 2. Six year old Robbie decided to cut his little sister Janna's hair. Her long blonde locks were trimmed in Mohawk fashion much to the dismay of parents Bud and Joan. Never a dull moment with young children around.

Saw some interesting looking birds just before the snowstorm

Nancy Kenyon, Clifford Danner, James Schumacher and Brenda Webb.

Mark Walker, David McCallen, Raoul Kydd, Billy Franceschini and Mike Harris received 100 on the 20-word review test in spelling.

THIRD GRADE — Mrs. Reams: The following people are class monitors for the month of May: flag, Genie Vind; lunch, Jim Davidson; milk, John Bell; books, Vickie Harris; black board, Larry Boling; balls, Mark Ford.

THIRD AND FOURTH GRADE — Mrs. Roth: Those who received 100 per cent on Unit 31 in spelling were Louise Gomez, Donna Rablin, Jamie Manetta, John Virus, Linda Lomax, Kathy Osburn, Steven Stone, Rosa Lopez, Judy Dent, Kathy Pendergast, Milton Smisek, Stephanie Copeland, Linda Vind, Sandy Garcia, Ronnie House, Dana Jensen and Carl Kuttel.

We're happy to welcome Shelly Wilson to our room. Her family has moved to Truckee from Fresno.

**LICENSES**

Marriage licenses were issued in Nevada to George Oldham, III, 27, and Mary Rothenderger, 24, both of Crystal Bay, Nevada and J. Asuncion Gomez of Truckee, 20, and Barbara Steele, 18, of Sacramento.

came. Found out that they were mountain canaries. Very beautifully marked with yellow-green and black. More and more birds have found the crumbs on our deck, but so far only one frisky little squirrel.

The Red Cross Drive is underway this week through May 9. Kitty Money and Muriel Longo, co-chairmen have 17 helpers in the Truckee, Donner and Squaw Valley areas who are going door to door for donations. The drive will assure swimming lessons next month at the three pools in Squaw Valley.

Slips will be sent home through school children asking interested mothers to help with the program, either to baby sit, be a pool supervisor or pool aid and whether your child will be participating.

The water has about four more feet to go to bring the lake level up for the summer. Bob Jamieson of the Diamond Boat Shop in Reno was over to take a look at the west end beach last weekend. He will be opening the gates around the end of the month for picnickers, swimmers and water skiers, and is hoping for a warm summer.

Flash! The Anthony St. Claires came back to their Donner Lake home a day early and spoiled the fun some of their neighbors were planning to surprise them with.

They have been traveling around the United States, visiting warmer climates in Florida and spent two weeks with their son Don in Boston. Welcome back to the snow country Claudia and Tony.

## WHY? NOT CHANGE FOR PROGRESSIVE . . . REPRESENTATION

**VOTE FOR**  
**IVAN J. TOFFT**

CANDIDATE  
FOR YOUR NEW

**SUPERVISOR**

5TH DISTRICT — NEVADA COUNTY  
JUNE 2 PRIMARY

## A Change is Needed

WHY? Have we had to put up with DEPLORABLE condi-  
tion of our streets and sidewalks in and around Truckee, during  
the WINTER SNOW season?

We have asked our Supervisor (the only person who rep-  
resents us) but the streets and sidewalk condition downtown  
in Truckee have not improved in several years. Who can we  
turn to for help?

WHY? Have we had the problem of so many dogs running  
loose in and around Truckee, with several adults as well as  
children having been bitten by dogs?

This condition has not improved over the several years—  
even though our Supervisor has an Ordinance on the County  
Books—"Heaven Forbid" using the Old Jail as our Supervisor  
once advocated—whose feet are dragging?

WHY? Over the past several years has our Chamber of  
Commerce missed out in receiving its "meager" share of pro-  
motion money, set up and allowed by the County Supervisors—  
other areas have received their share and more—

Our Supervisor has passed this off, as someone else's  
fault—could he have given the matter more personal atten-  
tion—or—is he too busy?

WHY? Has our Supervisor made such an ISSUE on at-  
tending meetings—when we find attending meetings A WAY  
OF LIFE, if we are to get things done—he does get paid by  
the taxpayers for most meetings he attends).

## TRAVELING REPORTER WILL ADDRESS CLUB

John Morley, one of America's most traveled columnists, authors, and lecturers, who last year completed his 22nd news-beat to the hot spots around the world will give members of the Reno Executive Club a reporter's picture of present world conditions and what may be expected in the future, when the club meets Monday evening, May 11 for dinner at the Riverside Hotel.

One of the few journalists who has been a personal guest at the retreat of Generalissimo Chiang Kai Shek in Formosa and has talked intimately with many other key world figures, he is reported to be the only American to get an interview with author Boris Pasternak in Moscow. Morley will report his observations and give an analytical discussion of Europe, the East and other "hot spots" of the world.

## FILM WILL BE SHOWN BY AIR FORCE GROUP

TAHOE CITY — Mrs. Marie Henry of Tahoe City was a delegate to the convention of the California Wing of the Air Force Association held at Palm Springs last week and a request was made of the group to have the interesting film on new transports made available for local groups. Tentative plans call for showing at all schools of the Tahoe Truckee Unified School District, and for a showing for all adults at the Tahoe Lake School on May 18. Mrs. Henry was representing the Lake Tahoe Squadron of the Air Force Association.

In other business at the conference, Robert Vaughn of California was elected California Wing Commander for 1964-65. Mr. Vaughn presented the Lake Tahoe Squadron Charter to members at the February meeting. The next year's convention was awarded to Santa Monica and there are hopes of having this convention at Tahoe in the near future.

A special feature of the meeting was a tour to March Air Force Base for an aerial demonstration by Frank Tallman in his very early model plane. Tallman is an acrobatic pilot and really performed the "ups and downs" for the group. They also inspected the huge transports by trying out the pilot's seat and instruments as well as the "belly-flop" tail view.

## Ski League Being Formed In Country

An innovation in the field of winter sports has started with the organization of a ten-team National Ski League which will start competition next winter, it has been announced from New York by Thomas Sheridan, Jr., acting chairman of the league.

Seven of the sites have been organized including Aspen, Colo., Boyne Mountain, Mich., Stratton Mountain, Vt., Sugarbrush, Vt., Sun Valley, Idaho, Vail, Colo., and Windham, N. Y. The other three franchises are expected to be announced soon.

Sheridan said the contests will be held from January through March with the league divided in an Eastern and Western division. A "world series" will be held during the concluding three weeks of the season in addition to an all-star contest. Each franchise will field a three-man team.

## LOCAL PROJECTS ARE GIVEN OFFICIAL O.K.

The Nevada County Planning Commission last week approved applications for two major construction projects in this community. The first was for the Truckee Public Utility District to construct and operate a substation with a 7,500 KVA capacity on the southeast corner of Sierra Valley road and old U. S. Highway 40.

The second was for Rex E. Reid for a residential building to be constructed in a "C" commercial zone in Donner Lake on the north side of the highway.

The board gave conditional approval to a tentative map of Donner Park Vista Subdivision, which will have 13 lots on six acres on U. S. 40 east of Donner Lake, owned by Eve Popovich.

In South—Mr. and Mrs. Daryl DeWalt of Tahoe City are enjoying a vacation in southern California.

Two president's daughters, Margaret Wilson and Margaret Truman, were concert sopranos.

An average dairy cow gives about seven and one-half quarts of milk per day.

## CLAMPERS SETTLE ON STATE BORDER ROW

So far as the Clampers of California and Nevada are concerned, the border dispute between California and Nevada was settled at an inter-state convention at the El Dorado Hotel in Sacramento Saturday.

The debate took place before nearly 1,000 fun-makers with Governor Pat Brown on one side, aided ably by Justice Charles Merrill of the U. S. Circuit Court of Appeals, and Governor Grant Sawyer, on the other side, his interests protected by Gabe Hoffenberg.

A highlight of the first inter-state meeting was a parade through downtown Sacramento with the big red Truckee bus, manned capably by N. F. Dolley, Dick Higgins and Bob Tonini taking part. Incidentally, the bus made the complete round trip without a breakdown, Dolley reported.

It was decided at the convention that Nevada should have custody of the border during that state's Centennial year. Or that it should not—no one seems to really know just what the final decision was, but all agreed that the meeting was fun.
